VACUUM SYSTEMS

INDUSTRIAL VACUUMS - CANADA
spillritevacuumscanada.com

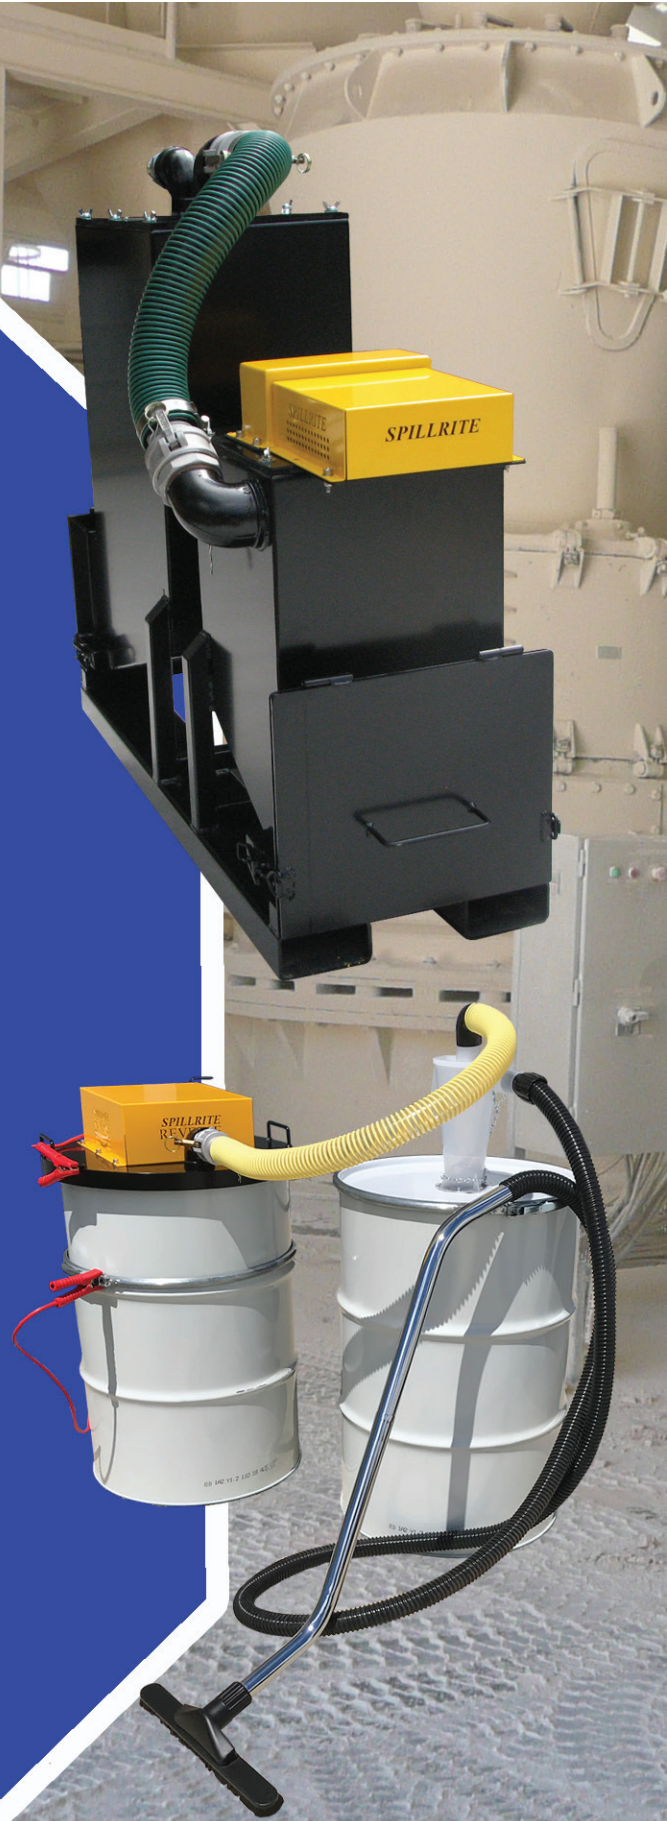

Spillrite Pty Ltd is an Australian based Proprietary Limited company specialising in the design, manufacture and sale of industrial vacuum systems, focusing primarily on pneumatic vacuums. Spillrite trades as Spillrite Vacuums.

Managing Director, Robert Whittle, has been steering the company since the late 2000's and is the main technical and marketing brains behind the company.

Spillrite has started a global expansion process with the addition of Spillrite Canada managed by EB Air Control based in Toronto Canada, in late 2019. Spillrite Canada will be manufacturing and selling vacuum systems designs on the successful Australian range of industrial vacuums.

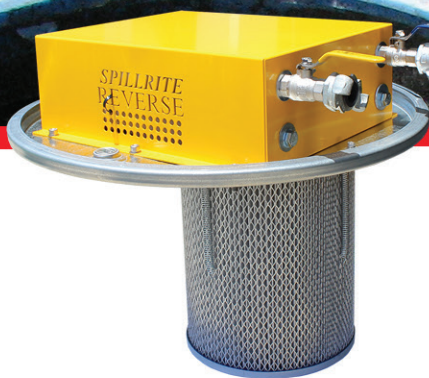

Robert Whittle first entered the industrial vacuum market in 2007 and has spent the last 13 years developing the current range of physical products and the sales platforms that deliver these vacuum systems into the wide industrial sector.

Spillrite Vacuums has been successful in designing a wide range of heavy duty industrial vacuums for fluid recovery, spill control, combustible dust, flammable fluids and most wet and dry industrial waste.
